

Diocese of Richmond Consensus Curriculum for World Languages

Diocese of Richmond Office of Catholic Schools Mission Statement

The mission of the Office of Catholic Schools is to assist the Bishop in his mandate as Teacher of the Catholic Faith, by establishing a climate and framework for fostering excellence in catechetical and academic education in the schools of the diocese in adherence to the Magisterium of the Church.

The mission of the schools in the Catholic Diocese of Richmond is to develop and nurture the spiritual, intellectual, social, and emotional growth of each student in the spirit of the Gospels and the teachings of the Catholic Church.

Purpose

The World Language Curriculum is a guideline from which educators within the Diocese of Richmond can provide basic instruction within the context of our Catholic faith. This curriculum is intended to be applied to all modern languages to provide consistency of instruction throughout the Diocese.

Framework

This curriculum is organized and informed by the **2015 World-Readiness Standards for Learning Languages**, a document set forth by the American Council on the Teaching of Foreign Languages (ACTFL) and the Virginia Department of Education Standards of Learning. The elementary curriculum is organized by grade level with separate curricula for Grades K-2, Grades 3-5 and Grades 6-8. The courses for high school credit are divided into Level I-IV. Each curriculum guide was designed as a continuation of the previous guide, in order to accommodate the growth and development of language learners. This curriculum was designed for World Language programs that meet regularly, in order to support the teacher in the enhancement of World Language learning. Teachers may need to modify the curriculum in order to meet the needs of their school's individual program.
